

DECISIVE VICTORY IS ESSENTIAL FOR BASIS OF PEACE

Pope's Proposal Will Be Rejected Washington Diplomats Believe

OFFICIAL TEXT DOES NOT DIFFER FROM FIRST OUTLINE

Senate May Discuss Vatican's Proposal In Executive Session

(ASSOCIATED PRESS TELEGRAM) Washington, Aug. 16.—The text of Pope Benedict's peace note received here today in cabled dispatches from London, discloses that it does not differ from the unofficial outline previously received.

The foundation stone of the pope's proposals for ending the world war are reduction of armaments, freedom of the seas, settlement of all international disputes by arbitration and there shall be no retaliatory struggle for economic world supremacy after the war.

Publication here today of the text of the pope's proposal gave officials and allied diplomats opportunity to make a closer study of the Vatican's move for peace than was possible from the advance outline.

Officials, while evincing much interest, refrained from making any comment pending receipt of the official text of the pope's communication nor would they intimate the nature of the reply to be sent the Vatican. The official text was expected momentarily.

The text of the communication served to strengthen the prevalent opinion that there is no likelihood of the proposals being accepted in their present form. That public opinion in the allied countries, insistent on a favorable decisive culmination of hostilities, will cause the offer to be rejected, was generally conceded here.

Action to put into effect plans of leaders to forestall any attempt at open discussion of peace in the Senate appeared imminent when that body convened today. Present plans call for executive sessions to consider closing the doors for peace debate. Senators of the so-called pacifist group were expected to oppose the secret session program.

SOUTH AMERICAN COMMENT.

(ASSOCIATED PRESS TELEGRAM) Buenos Aires, Aug. 16.—Comment on the peace proposals of the pope is generally pessimistic. The leading Argentine newspapers recognize that certain points are coincident with the ideas of President Wilson, but that the conditions and propositions of the pope will not be accepted. They will, however, serve better to know the state of mind of the Teutonic chancellors than the Teutons permitting the pope better to appreciate on what side arguments are right. Certain newspapers believe that despite the good intentions of the pope his propositions are injurious to the allies, favoring those responsible for the war. El Diario, despite its Catholic tendencies, declares the desecration by the pope of created (Continued on Page 2, Col. 2.)

LOYD GEORGE SAYS ENGLAND CAN'T BE STARVED BY SUBS

(ASSOCIATED PRESS TELEGRAM) London, Aug. 16.—Premier Lloyd George, speaking in the House of Commons today, said that this time last year the wheat in this country amounted to 2,400,000 quarters and that now it is 3,500,000 quarters. The stock of oats and barley, he declared, also was higher.

Mr. Lloyd George said the acreage under cultivation showed an increase of one million acres. If the harvest weather were good, the condition of food supplies would be very satisfactory. The premier added that there had been an increase in the sugar reserve.

"The government has come to the conclusion," Premier Lloyd George said, "that with reasonable economy here is no chance of starving England out."

"The admiralty plans for dealing with submarines have been increasingly successful."

The British premier said that in the single month of April 560,000 gross tons of shipping were lost through Teuton submarines. In July the tonnage lost went down to 320,000 gross tons. This month there was a substantial improvement over that of July.

The net losses since the commencement of Germany's unrestricted submarine warfare was under 250,000 tons a month.

Premier Lloyd George said in the first six months of this year the new tonnage built was 484,000 while in the last six months, including purchases, the new tonnage would be 1,424,000.

The premier also said that a considerable addition had been made in the program of naval construction. There had been a considerable saving in bread consumption, the premier said, and owing to closer milling and food economy there had been an addition to the wheat stock of 70,000 quarters per week. (A quarter is equivalent to 480 pounds.)

SHIPPING LOSSES OF ALLIES AGAIN DROP TO LOW MARK; BRITISH LOSE 14 SHIPS 1600 TONS

London, Aug. 16.—A falling off in British tonnage sunk last week by mines or submarines is indicated in the weekly admiralty statement. Fourteen vessels of 1600 tons and over were sent to the bottom, as against 21 the previous week. Two vessels of less than 1600 tons were sunk last week, the same number reported the previous week. Three fishing boats met with disaster last week.

The admiralty statement follows: Arrivals of all nationalities, 2776; sailings, 2666. British merchantmen sunk by mines or submarines over 1600 tons, including one previously, 14; under 1600 tons, including one previously, two. British merchantmen unsuccessfully attacked, including five previously, 13. British fishermen sunk, three.

FRENCH LOSE FOUR OF 2038 SHIPS

Paris, Wednesday, Aug. 15.—The weekly report of shipping losses gives one steamship of more than 1600 tons and three of smaller size as having been sunk in the week ended August 12, out of 1010 arrivals and 1028 clearances at French ports. Five French vessels were attacked unsuccessfully by submarines.

ITALIANS LOSE ELEVEN VESSELS

Rome, Aug. 16.—The Italian merchant marine losses for the week ending August 12 comprises six steamers and five sailing vessels, one of the latter being above 100 tons. Five hundred and fifty vessels of all nationalities, of a tonnage of 339,245 entered port, and 509 of a tonnage of 414,775 left.

POLICE OFFICIALS HELD FOR MURDER IN EAST ST. LOUIS

(ASSOCIATED PRESS TELEGRAM) Belleville, Ill., Aug. 16.—Many arrests are expected today of those indicted Tuesday in connection with the race riots in East St. Louis early in July.

Among the indictments made public are three against members of the East St. Louis police force, who are charged with murder. The men are Sergeant Cornelius Meehan, Sergeant Harry O'Brien and H. L. Wilson, a plain clothes man.

Out of a total of 105 persons indicted, 82 are whites and 23 negroes, the charges being murder, arson, conspiracy, rioting and assault to murder.

ONE HELD IN OHIO.

Columbus, O., Aug. 16.—The state of Illinois is seeking the return there of Dr. Leroy Bundy, negro dentist, wanted there in connection with the recent riots in East St. Louis, and requisition has been issued on Governor Cox. Friends of the negro expect to assist him in resisting return on grounds that he cannot get a fair trial there. He recently has been in Cleveland. Exact nature of charges are not known here.

BERLIN NEWSPAPERS SAY KAISER BUNGLED IN NOTE TO WILSON

Copenhagen, Aug. 16.—Publication of Emperor William's telegram to President Wilson in the memoirs of ex-Ambassador Gerard and the lame and belated attempt at explanation made by the semi-official Norddeutsche Allgemeine Zeitung calls forth criticism in the German press of what is termed the German emperor's irresponsible conduct of the foreign affairs of the empire.

The various Berlin newspapers comment on the system which permits a sovereign to pass upon such a proposal from a neutral power and to draft an important state document without consultation with a responsible minister or even without the necessary record subsequently being made.

FRENCH OFFICERS DEEPLY IMPRESSED BY SHOWING OF THE AMERICAN ARMY

(ASSOCIATED PRESS TELEGRAM) American Field Headquarters in France, Aug. 16.—The review yesterday by Major General Wm. L. Sibert of all the troops of his command in training for the trenches afforded a military spectacle of international significance and historic import. It was the first time that the troops of this particular unit of the American army in France had been assembled in its entirety and the display they made was deeply impressive.

There have been other reviews of American troops in foreign lands—in the Philippines, Cuba, far-away Guam and Panama—but there seemed to be an entirely new meaning to the sturdy tramp of the men of America in Europe today. One saw in them the symbol of their country's new adventure.

"They made me feel very proud," declared Major General Sibert last night, echoing the sentiment of a small but enthusiastic little handful of Americans who were permitted to see the martial display. The setting for the review was one of rare beauty. It was held upon a broad and somewhat rocky plateau in the rolling fields of France, all green and brown with blowing crops and ripening grains.

Here and there picturesque little French villages, white-walled and red-roofed, snuggled amid the trees of matchless valleys. Occasionally these valleys were bathed in sunshine and again they were hidden in the gray mist of rain. The scene was one of changing brilliance and shadow, the deep blue of the harvest sky and

PAPAL SECRETARY IN PEACE PROFFERS

Cardinal Gasparri, the pope's secretary, is at present conferring with numerous European diplomats in an effort to bring the countries now at war to a consideration of the pope's peace proposals.

POPE'S APPEAL NOT PUBLISHED IN ROME

(ASSOCIATED PRESS TELEGRAM) Rome, Aug. 16.—The pope's peace appeal will not be published here today as announced, no newspapers appearing on account of the assumption day holidays. It will appear on Friday.

GERMANY BARELY ABLE TO HOLD OWN SAYS LLOYD GEORGE

(ASSOCIATED PRESS TELEGRAM) London, Aug. 16.—Premier Lloyd George announced in the House of Commons today that the troops of Field Marshal Haig had captured Langemarck. The premier said that Field Marshal Haig had telegraphed that 1200 prisoners had been taken and that five guns had been captured by our troops today.

In addition to capturing Langemarck, the premier said, the British troops gain ground at many points. Severe fighting is continuing with the result undetermined.

The premier said: "Germany now is barely able to hold her own—not even that."

HOGS SELL FOR \$18.

(ASSOCIATED PRESS TELEGRAM) Cleveland, O., Aug. 16.—Hogs sold at \$18 per hundred pounds at the stock yards here today, the highest price on record.

I. W. W. MEMBERS WILL FEEL HEAVY HAND OF THE LAW

Department of Justice Will Act Where War Plans Suffer

INVESTIGATORS WORKING IN THE WESTERN STATES

Farming, Mining and Manufacturing Must Not Be Interfered With

(ASSOCIATED PRESS TELEGRAM) Washington, Aug. 16.—The department of justice, it was stated today, is prepared to deal swiftly and severely with activities in the northwest and elsewhere of the Industrial Workers of the World, insofar as they relate to the stoppage or curtailment of production in industries whose continuation is deemed essential to the prosecution of the war.

Any action, it was said, which would tend to retard the harvesting of crops, the production of spruce lumber essential for the construction of airplanes, or to curtail the production of minerals needed to carry on the war will be met by prosecution, charges of conspiracy, against persons regarded as responsible for the institution of the movement.

A large force of investigators is in the field in California, New Mexico, Arizona, Washington, Oregon, Idaho, and Montana, checking up and reporting daily upon activities of I. W. W. leaders. Many industries whose continuation is necessary to the prosecution of the war would be affected, it is thought, by the threatened general strike in the northwest.

District attorneys throughout the entire section have been instructed by the department to institute promptly proceedings against strike leaders where such proceedings can be prosecuted under the broad powers given the President by congress in the war resolution.

Cessation of labor in the harvest fields, in spruce logging camps, or at mines, it is thought, would come clearly under the list of subjects which could be dealt with by federal authorities.

Department officials here knew several days ago of the impending demands of the Industrial Workers of the World in Washington, Oregon, Idaho and Montana. Full details (Continued on Page 2, Col. 3.)

EARLY TRIAL FOR DRAFT BOARD IS GOVERNMENT PLAN

(ASSOCIATED PRESS TELEGRAM) New York, Aug. 16.—Notices served on Louis I. Cherney, former chairman, and Dr. Samuel J. R. Bernfeld, a member of local exemption board No. 99, who were removed by order of President Wilson, to appear today in the United States district court to plead to indictments returned by the federal grand jury, indicated a determination on the part of the federal authorities to bring the case to trial early next week.

Dr. Bernfeld and Cherney are charged with accepting a bribe of \$200, to issue a draft exemption. In another indictment they and Kalman Gruher, known as "exemption blank distributor" for the board, are charged with commanding \$300 as a price to declare a man unfit for service in the national army. Gruher was also to be arraigned today. The re-examination of men passed and rejected by the old board in district No. 99, which continued today shows instances where men were certified as being physically fit who do not meet the requirements of the war department.

A total of 77,710 have been examined up to today of which 52,129 have qualified for military duty. Claims for exemption, however, show that only 16,919 are apparently accepted.

GERMANY BARELY ABLE TO HOLD OWN SAYS LLOYD GEORGE

(ASSOCIATED PRESS TELEGRAM) London, Aug. 16.—Premier Lloyd George announced in the House of Commons today that the troops of Field Marshal Haig had captured Langemarck. The premier said that Field Marshal Haig had telegraphed that 1200 prisoners had been taken and that five guns had been captured by our troops today.

In addition to capturing Langemarck, the premier said, the British troops gain ground at many points. Severe fighting is continuing with the result undetermined.

The premier said: "Germany now is barely able to hold her own—not even that."

SECRETARY BAKER DISTRIBUTES COMMISSIONS TO YOUNG OFFICERS

Secretary of War Baker was present recently at Ft. Myer, Va., when 1,800 young officers were graduated and was photographed while presenting a commission to one of the successful student officers. President and Mrs. Wilson and Maj. Gen. Hugh I. Scott were also present.

U. S. SOLDIERS IN ACCEPT 102 FOR FRANCE WOUNDED, CONSCRIPT ARMY EIGHT SLACKERS

(ASSOCIATED PRESS TELEGRAM) London, Aug. 16.—According to the Daily News wounded American soldiers from the western front have just arrived at the hospital at Bath.

NO REPORT HERE.

(ASSOCIATED PRESS TELEGRAM) Washington, Aug. 16.—Neither the war nor navy department has any information on the reported wounding of American troops on the western front. Prompt official announcement is promised when information is received, provided it is not incompatible with military interests.

KERENSKY THINKS STOCKHOLM PARLEY SHOULD BE FAVORED

(ASSOCIATED PRESS TELEGRAM) London, Aug. 16.—A dispatch to The Daily News from Petrograd says that Premier Kerensky denied that he told Albert Thomas, Socialist member of the French war council, that he personally opposed the Stockholm Socialist conference. On the contrary he thought it very important though it would have been more important if held when the Russians were advancing instead of under present conditions. He declared that any opposition to the conference by the allied governments and any difficulties put in the way of the delegates was simply playing into the hands of the Germans.

Premier Kerensky then outlined the government's attitude.

SPECULATION STOPPED IN SUGAR AND COFFEE

(ASSOCIATED PRESS TELEGRAM) New York, Aug. 16.—Acting on the suggestions of Herbert C. Hoover, the food administrator, the New York Coffee & Sugar Exchange announced today it had suspended all trading in sugar futures on the exchange until further notice.

AUSTRIAN BOMBS CAUSE FIRES IN CITY OF VENICE

(ASSOCIATED PRESS TELEGRAM) Vienna, Aug. 16.—Via London.—Four tons of bombs were dropped by airplanes Tuesday morning on the maritime arsenal at Venice, causing a number of conflagrations, according to the official statement of the Austrian war office.

PATROL MEXICAN GULF.

(ASSOCIATED PRESS TELEGRAM) Mexico City, Aug. 16.—Gunboats have been ordered to make careful patrol of the gulf shore to stop any attempts to violate neutrality by German agents.

ALLIED DRIVE IN FLANDERS STILL IS SUCCESSFUL

Crown Prince's Troops Unable to Check Franco-British Forces

FRENCH ALREADY REPORT 100 PRISONERS CAPTURED

Latest Attack Took Place East of Ypres and at Dixmude

(ASSOCIATED PRESS TELEGRAM) British Front in France and Belgium, Aug. 16.—Forces of the entente allies at daybreak today began another drive against the troops of Crown Prince Rupprecht of Bavaria, along a wide front from a point opposite Polygon Wood, east of Ypres, to the left of the French positions on the northward.

In the first onslaught the right flank of the French surged across the Steenbeke river and at the same time the left wing pushed forward correspondingly.

These meager facts represent the total news at this hour from the zone of the new offensive with the exception that the French already have counted a hundred prisoners.

THREE SECTORS INVOLVED.

(ASSOCIATED PRESS TELEGRAM) New York, Aug. 16.—In three sectors of the Franco-Belgian front the French and British have won new successes in their offensive operations, which are once more in full swing. Attacks were made by the British in Belgium near Ypres, by the French on the Aisne front and near Dixmude in Belgium. The ground won by the British in yesterday's brilliant attack near Lens, including the highly important Hill 70, was held in the face of all German counter attacks, General Haig reports.

While the British were consolidating their new territory near Lens and defending it against German efforts to retrieve their losses they struck another blow about 30 miles further north, on a wide front east and north of Ypres. The official report from London gives few details of this battle, but says progress is being made.

The French with the assistance of British troops on their right attacked the German positions on both sides of the road between the towns of Steenstraete and Dixmude, eight miles apart.

Paris reports that all objectives were gained and that a crossing of the Steenbeke river was forced. The French and British are making further progress on the right bank of the river.

Marked success was won by the French on the Aisne front. A strongly laid system of trenches on a front of one kilometer south of Ailles was stormed and four German counter attacks were beaten off. The French also made progress in the vicinity of the Hurtebise Monument.

The Austrian war office announces that four tons of bombs were dropped on the maritime arsenal at (Continued on Page 2, Col. 1.)

HAMILTON LABOR SITUATION IS BAD; STRIKES NUMEROUS

(ASSOCIATED PRESS TELEGRAM) Columbus, Aug. 16.—Associated labor strikes at Hamilton seem to be as endless as Mexican revolutions. Governor Cox today declared that the state is ready to exercise every ounce of strength it possesses to better industrial conditions in that city.

"In the Hamilton case," says the governor's statement, "I have asked his attorney general for an opinion as to how far the rights of the state extend. It would appear from a distance that respect for law has at least suffered a considerable diminution in the last two years. Charges are made and denied that local officers pay no attention to the most flagrant breach of peace."

"We will know within a few days whether this is true. If it is, the state, recognizing that there can be no temporary expedients followed at this time, will assert every ounce of strength it possesses. If an officer of the law has no respect for it himself, he becomes a very poor example to the community and should be held responsible for failure to discharge its duties in full."

"The individual conditions in the state have by no means been satisfactory, at least insofar as the relations as between employers and employees are concerned. A great many disputes have been adjusted."

"The most trying situation is at Hamilton, where strikes seem to be as endless as Mexican revolutions. A law and order league has been created there for the reason that the state has assured every community where disorder persists that troops would not be called out except as a last resort. The whole citizenship of the community, in a sense, is the militia, and the sheriff is its legalized head. There is no place in Ohio where the law-loving citizens are not in the majority, but this devotion to law must be manifested locally if a community is to save itself."

IMMEDIATE GETS ROUGH.

London, Aug. 16.—A dispatch to the Exchange Telegraph company from Melbourne says that Mrs. Emmeline Pankhurst, the suffragette while attempting to make a speech at Adelaide fought the police and was arrested. Assemblages in parliament precincts are prohibited.

BOLIVIA'S NEW PRESIDENT.

NEW BATTALIONS TO HAVE 612 MEN SAYS GEN'L ORDER

(Associated Press Telegram)
Washington, Aug. 16.—The complete plan of reorganization of the army is disclosed in general orders made public today prescribing the formation for all tactical units from divisions to armies. The composition of each division on the European standard is proscribed and provision is made for organization of all additional troops into training battalions of 612 men to be used in any way found necessary.

Designation of divisions by number begins with the regular army division now in France which has already been reorganized on the basis of 19,000 men and additional battalions of attached troops. That is the First Division, United States Army. Other regular divisions are numbered up to and including the twenty-fifth. This does not mean that 25 regular divisions are to be created immediately but that the numbers from one to 25 inclusive have been reserved for the regulars. National guard divisions will be numbered from the twenty-sixth to the seventy-fifth inclusive. National army divisions will number from seventy-six to 100.

Today's order provides the organization of 16 national army divisions, designated from the seventy-sixth to the ninety-first inclusive and succeeding divisions will be numbered in order after them.

All divisions provided for will be infantry divisions composed of division headquarters detachment; one machine gun battalion of four companies; two infantry brigades of two regiments and a machine gun battalion of three companies each; one field artillery brigade of three regiments and a trench mortar battery each; one engineer regiment; one field signal battalion; one headquarters train and military police; one ammunition train; one engineer train without pontoon and searchlight sections; one supply train and one sanitary train of four field hospitals and four ambulance companies.

Each army corps will consist of an army corps headquarters force and three infantry divisions supplemented by necessary attached troops to be designated as army corps troops. Each army will consist of an army headquarters, three or more army corps and such additional army troops as may be advisable.

The order directs that the national guard proceed to its training camps under its present divisional organization. It will be reorganized at the camps, however, on the new divisional basis and the excess troops formed into training battalions with a brigadier general in command of the group of training battalions at each camp.

ALLIED DRIVE IN FLANDERS STILL IS SUCCESSFUL

(Continued From Page 1)

Venice on Tuesday morning, causing a number of fires. Three of the Austrian airplanes are missing. The weekly French report of shipping losses records the sinking of one steamship of more than 10,000 tons and three of smaller size. The Italians lost six steamships and five sailing vessels.

A London newspaper says that wounded American soldiers from the western front have just arrived at a hospital at Bath, England. Washington is without official information regarding this report. Dispatches from the American training camp in France last night said all the American forces in France were reviewed yesterday, indicating that

the entire body was still in training. The American military authorities have made elaborate preparations for treatment in American hospitals in France of the wounded, who ordinarily would not be transported to England. The report of the London newspaper may refer to wounded Americans serving with the British armies of whom there are several thousand.

DIVORCED COUPLE REMARIED TODAY

Married, divorced and married again all in about two years is the record of Charles E. Trace and his wife Cecil E. Trace.

Their second marriage took place this noon at the parsonage of the East Main Street U. B. church. Rev. A. B. Cox officiating. They were divorced just a few months ago, but the separation seems to have borne out the old saying "Absence Makes the Heart Grow Fonder," and the marriage today is the result.

Mr. and Mrs. Trace will live in Zanesville where the bridegroom is employed as a meat cutter.

FIELD SERVICE FUND GETS \$50 FROM LAWN FETE

Over \$50 will be realized as the proceeds from the social given for the benefit of the fund for American Field Service at the home of Mrs. Nellie Keenan, Prospect street, Wednesday evening.

The social was attractively arranged and while \$50 have already been received it is possible the fund may grow, as full reports from several interested have not been received.

SOCIALIST TAKES OUT PETITIONS FOR MAYOR

L. R. McGruder of 15 West Channel street, Socialist, applied for and received petitions today at the board of elections. These petitions when properly filled will make him a candidate for mayor on an independent ticket. McGruder is a painter by trade and will depend on the workingmen vote if his petitions are turned in in time.

DECISIVE VICTORY IS ESSENTIAL FOR BASIS OF PEACE

(Continued from Page 1.)
A painful impression. It appears to be an effort to save the central empire. La Epoca, the presidential party organ, says that Hohenzollerns want to avoid the punishment of crimes against humanity. The pope could not refuse the proposed peace but this proposition will fail.

PROPOSAL IMPOSSIBLE.

(Associated Press Telegram)
London, Aug. 16.—The text of the papal note does not remove the adverse impression produced here by the publication of its summary. On the contrary it strengthens the conviction that the note is inspired by the central powers and the opinion is that its proposals are impossible. The editorials express much respect for the pope and his profession of perfect impartiality but regard him unable to appreciate the matter at issue.

The Times says the allies are bound to reject his plan of settlement which proves more pro-German and more anti-ally even than the summary. The peace he proposes would be a German peace and it is impossible to reach the scheme without a suspicion that the note itself and the choice of the moment of its issue are the outcome of German inspiration. The allies, continues the Times, have the same end in view as the pope, but are convinced that it cannot be attained by the means he advocates but only by a victory in the field.

CORN SCARCE; HOGS TOO; PRICES SOAR TO NEW HIGH LEVEL

Food prices are sure defying the laws of gravity, which claim that "everything that goes up must come down," and even hogs seem to be gifted with wings and "are going up" with no indications of ever coming down.

They are bringing \$17 in the local markets today and \$18 in the cities which is equivalent to \$18 here, owing to shrinkage in shipping which must be borne by the shipper. Of course the common people who do like pork chops are interested in the price, but they are also interested in the reason therefor and the statement of the price is always followed by the word "why" with a question mark. Well the explanation offered for the rapid advance is said to be a scarcity of corn for feeding purposes and a scarcity of hogs. In the past year there has seldom been enough on the market to supply the demand. On the other hand the packers were also humanitarians, (which cannot be conceived) they might hesitate a few weeks in the packing process and permit a few pigs to collect on the market, thereby bringing down the price. But they don't and the price will remain up, buyers say, until the new corn is available.

RICK ON SWITCHING CHARGE.

Columbus, O., Aug. 16.—The United Alloy Steel Corporation, which has a plant at Canton, today complained to the state public utilities commission against alleged "unjust and unreasonable" intra-mill switching charges of 15 cents a ton imposed by the Pennsylvania Railroad Company and asked that such rates be regulated by the commission.

I. W. W. MEMBERS WILL FEEL HEAVY HAND OF THE LAW

(Continued From Page 1)

falls of the demands were in the hands of the department more than 48 hours before they were announced yesterday by James Rowan, district secretary of the I. W. W. at Spokane.

Department officials have been advised of an attempt by I. W. W. sympathizers to destroy the reserve supply of spruce timber in the north-west. This alleged attempt, it was said, has been frustrated.

The activities of the I. W. W. are regarded by officials here as a political rather than a labor movement. In instituting prosecution district attorneys have been instructed to inquire into the purposes of calling strikes, and to ascertain whether they were called to embarrass the government in the production of necessary materials or for other causes.

There can be no general prosecution, it was said, of I. W. W. leaders as such for strike activities. The industries affected, their relation to the prosecution of the war, and the purposes back of calling the strike have to be considered in each individual case, it was said, as the basis of prosecution.

Sensors who want legislation to deal with the I. W. W. situation conferred today and agreed to join in drafting a bill for introduction by Senator Hollis, designed to curb improper activities without injuring individual case, it was said, as the interests of organized labor.

Another bill aimed to reach activities of members of the I. W. W. was introduced today by Senator King. It provides for the punishment of persons who bring about breaking of contracts made by the United States for the manufacture and transportation of things needed by the government.

FRANK STACK IS FOUND DEAD IN BED

Frank Stack, aged 53, was found dead in his room at 29 Canal street, today. He is said to have been drinking heavily for several days.

He had been seen about the house just before noon, but when his room was visited this afternoon he was found dead. The deceased had been employed at the Wehrle company and is survived by a wife, from whom he was separated, and one son living in Curtis avenue.

The body was taken to the Bazler undertaking parlors. No arrangements have been made for the funeral.

MACHINE GUNS AND ARTILLERY BREAK UP GERMAN ATTACK

Canadian Headquarters in France, Aug. 15.—(By Canadian Press Limited.) The Germans are now fighting with great tenacity to maintain their precarious hold on the central portion of Lens. Throughout the day they have been bringing up fresh troops with which to carry counter attacks.

The original German force which met our assault was pretty well accounted for by the attacking force. It consisted of two battalions of the 155th Regiment, two of the 26th, two of the 156th and one of the 293rd. German regiments consist of three battalions each and after the battalions of the three first mentioned regiments holding the trenches had been put out of action, the reserve battalions were moved up hurriedly. At 9 o'clock, while headed toward Hill No. 70, these battalions were caught under our artillery fire and dispersed.

The enemy leaders next called upon the Fourth Guard Division, which had been held on this section of the line for such an emergency as that which confronted the defenders of Lens. The guards proceeded toward Bois Hugué with the evident intention of retaking Hill No. 70. They, too, were caught under our artillery and machine gun barrage and so roughly handled that two attempts to advance, on at 11:50 o'clock and the second shortly after noon, had to be abandoned. Hill No. 70 was not even seriously menaced during the remainder of the day.

A short way to the north between St. Laurent and Lens, the enemy recovered a portion of a line of reserve trenches, the possession of which lessens for a moment our pressure from the north.

Artillery and machine gun experts have just explained that the enemy position is an impossible one, and that if he cannot drive us off Hill No. 70 he will have to set out of Lens.

Our casualties can now be spoken of as light.

CHRYSLER FUNERAL SUNDAY 2 O'CLOCK

Granville, Aug. 16.—The funeral of W. H. Chrysler, well known grocer, who died suddenly at his home here Wednesday, will be held Sunday afternoon at 2:00 o'clock at the home, Rev. Mr. Brelsford of the Baptist church officiating. Interment will be made in Maple Grove cemetery.

HUNGARY'S PREMIER TO QUIT.
Amsterdam, Aug. 16.—Count Moritz Esterhazy, who since last June has been premier of Hungary, is expected to resign on account of ill health, according to a Vienna telegram printed in the Vossische Zeitung of Berlin.

Mr. and Mrs. M. E. Weaver of Washington, D. C. are the guests of Mr. and Mrs. Ernest Cornell in Hudson avenue.

Official Statements of War Department

FRENCH.

(Associated Press Telegram)
Paris, Aug. 16.—French troops in Belgium, attacking early today in conjunction with the British on both sides of the pond between Steenstraete and the polders, captured all their objectives and crossed the Steenbeke river, the war office announced today. Further progress is being made along the river. The French made an attack on the Finsse and captured German trenches on a front of one kilometer. Four German counter attacks were repulsed.

BRITISH.

(Associated Press Telegram)
London, Aug. 16.—Troops of the entente allies in Flanders attacked the German positions today on a wide front east and north of Ypres in Belgium. The official report of Field Marshal Haig says that progress is being made. On the Lens front where the Canadians yesterday captured Hill 70 and made further progress in the environs of the French mining center, all German counterattacks, the official statement adds, were repulsed.

GERMAN.

(Associated Press Telegram)
Berlin (via London), Aug. 16.—British troops yesterday unsuccessfully attempted to take the village of Vendin le Vieil, 2.1 miles east of Loos, on the Lens front, the German general staff reported today. The British gains, it was added, were small.

The German statement says that in Flanders a second great battle has burst forth, the British infantry attacking the German positions on an 11-mile front.

The German general staff reports that the cathedral at St. Quentin was set on fire by French shells and that it has been ablaze since yesterday evening.

RUSSIAN.

(Associated Press Telegram)
Petrograd, Aug. 16.—The war office announces a strategic withdrawal by the Rumanians to the Soveia-Monastirsk-Voloshkani line. Russian forces on the Rumanian front withdrew under pressure to Munchelu and Monass, and Rumanians at Moviltza in the Pokshani area.

M'FARLAND ADMITS THROWING A MATCH INTO BURN MANGER

Willard McFarland, aged 17 years, son of Mr. and Mrs. J. C. McFarland, confessed to chief deputy state fire marshal, Jos. P. Herberger and assistant state fire marshal John Barr, of this city, to setting fire to the Hilliard barn at 126 West Church street. The young lad made the statement voluntarily and said he threw a lighted match in the manger, walked to the house and notified the inmates and then ran back to the barn, claiming someone was in the burning structure, and from which place he was dislodged by his father after a hard struggle.

McFarland has been drinking and claims, the whiskey was bought for him by a foreigner named John. He also confessed to taking a grate and brass lamps from home when he lived on Poplar street, selling them to a second hand dealer and investing the money in "booze." When upbraided by his parents he went upstairs in his home and set fire to the lace curtain in his room. A charge of arson has been filed against him by the state, with the request that he be sentenced to the Boys' Industrial school at Lancaster.

NEW TEACHERS ARE ASSIGNED TO DUTY IN CITY SCHOOLS

Certain changes have been made in the faculty of Newark High school. Miss Wilhelmina Mohlenpach, formerly a teacher in the Hartler school, has been promoted to the position of mathematics teacher in the High school.

Miss Peas McFarland, a former high school teacher, who has been away on a year's leave of absence, will return this fall.

In the grade schools Miss Marjorie Lawhead, who taught last year in Granville, has been assigned to third grade at Central building. Miss Leona Borroway of Mahoning street, who last year was in the Clay Lick schools, is to be in the Central building also.

Miss Edith Fleming, a graduate of Michigan State Normal school, will be a new teacher in the Hartler building in the fourth grade, and Miss Grace Jones, who taught last year north of Newark, has been assigned to Mill street building.

Miss Inez Korb, a graduate of Wittenberg Normal at Springfield is to be in the Woodside building to take the place of Miss Ida Davis, who is transferred to Central.

Miss Doris Avery, also a Wittenberg graduate, has been assigned to the Hartler building.

HEAVY RAIN FOLLOWS 2 MONTHS' DROUGHT

(Associated Press Telegram)
Topeka, Kas., Aug. 16.—After suffering from a drought for two months which, according to the official forecast has cut the corn crop to less than half a yield, Kansas today seemed threatened with a flood. Heavy rains have fallen throughout the state during the past 48 hours, and at Salina, Dry Creek is out of its banks and many acres of land are inundated. Other streams are approaching flood stage.

PERSONALITY OF TEACHER SUBJECT OF PROF. CLIFTON

The high school auditorium was well filled during the morning and afternoon sessions of the Teachers' Institute. Rev. Grover Diehl of the Plymouth Congregational church led the devotional exercises. Mrs. Edmunds gave a short talk on Modern Phonetics and ably described many games by which the teacher could teach phonetics and language.

Professor J. T. Clifton of Ohio State University spoke on "Personal Development." In his address he pointed out the fact that every person must have an object in view in his training, even though it be to play games—providing they are well learned. He proved that personal appearance, and encouragement of a sympathetic teacher are necessary. "Teachers must be optimists," he declared, "ready to see and weigh the value of new ideas which the pessimist dismisses by saying, 'fad'."

He insisted that teachers must recognize the principle that co-operation between teacher and pupil is necessary. He pleaded for immediate co-operation. As a fitting close to the morning's session Mr. Carroll, chairman of the Licking County Temperance campaign, sang several prohibition songs.

At the close of the morning's session, meetings of the primary teachers, women high school teachers and superintendents were held in the different rooms of the high school.

In the afternoon Mrs. Edmunds delivered an address on "Dramatization."

Mr. Courson delivered a talk on "Co-operation Between Teacher and Pupil," and Professor Clifton spoke on "The Next Generation."

E. R. M'FARLAND IS MADE CAPTAIN

E. R. McFarland, formerly of Toboso, this county, who is now superintendent of telegraph and telephone for the Alaskan Engineering commission, which is building a railroad in Alaska, has been commissioned a captain in the Signal Corps, and has been ordered to Seattle from Anchorage, Alaska, for orders.

Captain McFarland was a member of Company G, of the Seventh O. V. I., when that company left Newark in 1898, during the Spanish war. He later transferred to the signal corps, and has spent several years in Alaska constructing telegraph and telephone lines for the government. He first entered the regular army in the '80s, and was in the Dakotas at the time of the last Sioux war in 1889-90.

ADVERTISING CLUBS SUBMIT PLANS TO SELL LIBERTY BONDS

Washington, Aug. 16.—A detailed plan for advertising the next issue of Liberty loan bonds in newspapers and other mediums of publicity to cost from \$1,000,000 to \$2,000,000 and to be paid for by the government was presented today to Secretary McAdoo by the National Advertising Advisory Board of the Associated Advertising Clubs of the World, with the recommendations that it be adopted.

On the basis of an expenditure of \$1,000,000, the following distribution of the fund was suggested: Daily, monthly and weekly papers including those printed in foreign languages, \$700,000; farm papers \$100,000; small town dailies and weeklies \$100,000; printing posters, circulars, etc., \$100,000.

The mediums which the board proposes to use are detailed as follows: Newspapers, magazines, farm papers, religious and foreign language press, painted bulletins, bill boards, street cars, circularizations, house organs and factory bulletins.

The plan is identical with that hitherto unpublished, presented to the secretary on the eve of the issuance of the first Liberty loan and represents the view of the organizations having representatives on the board.

A delegation headed by Herbert S. Houston of New York, chairman, presented the program sent to Secretary McAdoo and strongly urged that the government pay the bills for advertising space in disposing of the next issue. The space devoted to advertising the first issue cost the government nothing.

MCGHEE ATTENDS CONFERENCE.

(Associated Press Telegram)
Columbus, O., Aug. 16.—Attorney General Joseph McGehee was in Chicago today representing Ohio at the coal conference called by Governor Lowden, of Illinois, to consider means of lowering the high price of coal.

PENSION ATTORNEY E. J. DUER

Has opened an office in this city as Pension Attorney at 35 1/2 South Park (over Smith's drug store). With forty years experience in this work he feels sure that he can give satisfactory service to the soldiers and their widows and refers by permission to Hon. W. A. Ashbrook, whom he has known and has relations with him as one of his constituents ever since he has been in Congress.

"PRIDE" In Shoes

Whether for woman, man, boy or girl, the shoes that are bought sometimes catch one napping by their looks, which are often deceptive. Pride in their appearance may hide dissatisfaction in their wear—it pays to buy shoes of known worth. In workmanship, quality and durability our shoes meet the most exacting requirements. There's long wear in every pair.

The things you can't see are the things to look out for in shoes.

COUNTY BOARD HAS CERTIFIED HALF OF ITS TOTAL QUOTA

Columbus, Aug. 14.—Claims for exemption from military service are not running as heavy in the southern Ohio district as they are in other sections, according to D. H. King, member of the District Appeal Board.

"There was a rush to file claims for exemption because of industrial or agricultural employment, the first few days we opened our office," said King. "Few such claims are being filed now, however. Claims for exemption because of dependents, while large, are not as heavy as we had expected in the districts that have so far reported to us."

The Licking County Board certified its quota to the District Board as follows:

W. W. Cassman, Ernest Poulton, E. E. Tuller, G. M. Allen, W. E. Day, G. L. Thompson, C. E. Alles, O. M. Haynes, J. L. Pulman, E. W. Momeyer, H. W. Woodrow and Curtis Wells, Granville.

W. W. McConaughy, Odell Stires, A. H. Thomas, Thomas F. Moore, G. K. Bowie, D. E. Shuplett and F. E. Brown, Pataskala.

L. E. Brooke, Claude Anderson, V. R. Miller, Charles A. St. Clair, W. B. Pitt, W. C. Fleming, H. A. Hirst, H. M. Clark, and O. W. Krager, Newark.

F. H. Wells, J. B. Wright, S. H. Evans, J. L. Hunter, C. E. Paim, Fred Rooker, and M. F. Laymon, Croton.

Clark Zimmerman, Buckeye Lake; N. E. Davis and Oscar Buhling, Thornville; P. B. Jacobs, Kirkersville; E. H. Ricketts, Tice; Earl Lake, Tohoso; J. E. Looker, Walter Varrel and M. J. Frost, Black Run; A. J. Speers, O. L. Crawford, and A. J. Martin, Hebron; G. H. Palmer, Alexandria; N. G. Surt and C. S. Alberty, Summit; C. S. Fisher, Gratiot; W. C. Insko, Vanetta; D. A. Green, W. E. Hisey and Irvine Hartsock, Johnstown.

Breck Hones, H. E. Huffman, and H. E. Titus, St. Louisville; N. B. Swartz, Jacksonstown; J. C. Van Allen, J. E. Rine, Virgil Willey, and John Davis, Hanover; W. D. Butcher, Clay Lick.

W. D. Weekley and O. L. Weekley, Union Station; E. C. Hughes, Vanetta; E. Dickerson and A. J. Marshall, Outville; Melva Myers, Centerburg.

In addition to these the Licking County Board filed the names of 85 who claim exemption.

NO PARADE LABOR DAY; BIG PICNIC AT PARK IS PLAN

For the first time in many years there will be no Labor Day parade in Newark. Arrangements for the observation of this national holiday are being completed, and this feature of former years has given way to a new plan which included a great picnic all day at Mountbuilders Park.

The decision to abandon the parade has met with the endorsement of most of the laboring men who have sweated through the heat of September suns in the past. Tiresome marches which consumed most of the morning left the men too tired to enjoy the day of rest set aside for the laboring men.

After arriving at the park the committee will take care of all. A complete program is being arranged which will be announced later. Good speakers will be secured. Field exercises will be held, with plenty of prizes to make things interesting for the kiddies and the veterans.

A wrestling match is being arranged, and if you are a "bug" here is your one best bet of the day.

Lovers of dancing will be delightedly entertained at the pavilion. A good orchestra will be provided.

The Buckeye band is engaged for the day and will assist in driving away dull cares.

TANLAC SUCCEEDS REASON IT LEADS

Story of Master Medicine By Newark Miss Indicates That It Does All Expected and More, Too.

Miss Marie Frazier, 37 Sprague street, Newark, is delighted with Tanlac. The Master Medicine, she acknowledges, proved to be an unusual blood purifier and system cleanser. And more than this Miss Frazier vows that Tanlac soothed her and gave her sound sleep. She states as follows:

"My blood was in such a terrible condition eruptions broke out all over my face. My forehead and cheeks were covered with them and they itched incessantly. Along with this I felt tired, nervous, weak and did not sleep well. My system was very much run down. I had heard much of Tanlac, so I began taking it. Before I had taken half a bottle the spots were disappearing. Tanlac just made them go. The medicine worked on my stomach, kidneys, liver and blood and carried all the humor away. Now I don't have that tired feeling, am not nervous, sleep soundly and am a whole lot stronger. Tanlac is a deserving remedy."

Tanlac, the new vegetable tonic, stomachic, combatant and invigorant, is being specially introduced at Erman's Arcade drug store, where the Tanlac man gives the particulars to steadily growing crowds daily. Tanlac may also be procured at the Evans pharmacy, Warden hotel bldg., east side square, Newark, and at the Hebron Drug Store, Hebron, O.—Advertisement.

FATHER OF NEWARK WOMAN DIES OF BLOOD POISONING

Charles G. Miller of Indiana street has returned from Anketown, Knox county where he attended the funeral of Mrs. Miller's father, Zacharia Burger, a prominent farmer east of that village, who died last week of tetanus following an injury received while threshing.

Mr. Burger fell from the wagon used to haul wheat from the field and one of the wheels passed over his foot, almost severing it at the ankle. Bloodpoison developed and death relieved his sufferings last Thursday.

The deceased was born March 6, 1847 in German township, Holmes county. He was 70 years old. He was united in marriage to Esther Grubb Nov. 12, 1868 and they were the parents of five daughters and one son. His wife, son and two daughters preceded him in death. Soon after his marriage he united with the church of the Brethren and continued that affiliation for fifty years.

He was later married to Melee Brubaker, who with three daughters, Mrs. C. C. Miller of Newark, Mrs. Roy Hall of Mt. Vernon and Miss Mable Burger of Chicago survive. Five grand children and one great grandchild also survive. Mrs. Thomas Bidwell, Mrs. Wesley Robinson, Miss Ellen Burger and Henry Burger of Canton and Mrs. William Burger of Baltic and Samuel Berger of Cleveland are the brothers and sisters. Funeral services were held last Sunday at Anketown.

NEWLYWEDS NOT EXEMPTED BY KNOX COUNTY'S BOARD

Mt. Vernon, O., Aug. 16.—Carl Clayton Pipes of Martinsburg, who was the first Knox county man drawn in the selective draft lottery, and who was the first man found physically fit for military service on examination by the local board, also enjoys the distinction of being the first man in the county to have his claim for exemption denied. The board took up his case Tuesday afternoon and made the following entry on its books opposite Pipes' name:

"Claim for discharge denied because we find his marriage was consummated June 28, and husband could probably make as good contribution to wife's support in army as at present."

Pipes, it will be recalled, was married only a month before he was drawn for service. He made his claim on the ground of having a wife dependent upon him for support. This entry by the board indicates that groups of very recent date will have difficulty gaining exemption on the grounds of marriage.

Harry K. Christman of Mt. Vernon R. D., was exempted because he has a wife and children, and an aged and infirm parent dependent on him; is a minister of the gospel, and the member of a religious faith opposed to war. All four claims were allowed.

Among the cases considered Wednesday morning was that of Guillo Bragone, Mt. Vernon R. D., who claimed exemption because he has a wife and child in Nainia, Italy. Only the affidavit of the husband was filed. His application for 60 days' time for additional affidavit was refused because his statements show that he can furnish his wife as much support in the army as he has furnished her the past year.

EXPERIENCE.

The person who takes the best care of his grain, sees that it is properly cleaned and stored, is going to benefit from the care given in getting a better price for it. The crops are going to be larger than last year, are the indications now. This will vary as it always has in the past. Some communities will have larger production, while some will have smaller. Here is where our experience will come in handy to our customers, for we study the situation and get agricultural reports from all over the country. This enables us to pay you the highest market prices for wool, hay and grain. **MORGAN & ROBERTS, 22 East Canal street, Newark.** 16-17

TENTH STREET U. B. GIRLS GIVE PROGRAM FRIDAY NIGHT

The Young Ladies' Bible class of the Tenth street United Brethren church will give a candle entertainment at the church Friday evening, August 17, at 7:30. Program consists of music, recitations and readings, all illustrated by candles.

SERGT. M'CLINTOCK GETS HONOR MEDAL FROM BRITISH GOVT.

Sergeant Alexander McClinton of Lexington, Ky., who served in the eighty-seventh Battalion of the Canadian Grenadier Guards from September, 1915, until November, 1916, when he was badly wounded, was presented yesterday with the distinguished conduct medal at the British consul general's office in New York.

Sergeant McClinton is 26 years old and enlisted in the Grenadier Guards as a private. Although he has still a number of shrapnel splinters imbedded in his hip, he has been accepted for the second Plattsburg officers' training camp.

McClinton was the author of the series of stories "Over There" published in The Advocate in the past few weeks telling of his experiences in the front line trenches in France. The series was concluded in last night's issue of The Advocate.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy, Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full oppressive burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excessive development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisurated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisurated magnesia which can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms so be certain to ask for and take only Bisurated Magnesia which is especially prepared for the above purpose. (Advt.)

CARS FOR FAIR TRIP.
A number of automobiles have been pledged for the tour to advertise the Licking county fair tomorrow to various points in this and surrounding counties. Several more are needed to cover all the routes laid out. Those offering use of cars should notify Chairman Geo. Hermsen. The start will be made from the Chamber of Commerce at 9 a. m.

Now if corn were scarce instead of wheat, how gladly people would eat corn bread!

It looks as if the people who set out to corner the tomato crop should be in the tomato soup.

The draft resisters don't seem to object so much to fighting, but they don't want to fight on behalf of the United States.

The principal influence tending now to prolong the war is the pacifists who are trying to cut short the war.

It does seem as if ten Russians should be able to stand up against one German, but they seem to think it is safer to run.

Now that the food bill is passed, the speculators will soon be made to realize that the war is not being run for their special benefit.

The next question is who was trying to get elected to what, by putting those eulogies of the Kaiser into the Chicago spelling books?

A large number of young men of wealth wish to be exempted because their wives are dependant on them for the labor of cutting off coupons.

Who says the girls aren't interested in current events, when they grab the papers so anxiously to see what the fall hat styles are to be?

Fortunately the Congressional obstructionists can't hold up army organization by delaying the revenue bill, as Uncle Sam's credit is excellent.

Any slacker who really wants to escape the war, could no doubt do so by jumping in front of a railroad train and having a leg or two cut off.

It is a mighty good thing for our submarines to get practice, but they needn't get their experience by ramming any more heavily loaded excursion boats.

If our young men could be as free from disabilities now as they are when qualifying for the college and school ball teams, there wouldn't be so many exemption claims.

Who says that our immigrants are still hyphenated, when a man with such a Bohemian sounding name as Bozdek has become manager of the Pittsburgh "Pirates" ball team?

Petrograd dispatches having announced that the ex-czar and his wife have been removed to a very cold place in Siberia, some will doubtless suggest an exceedingly warm spot for the Kaiser.

It is noticeable that a lot of these aliens who draw the full Number 258 aren't spending much time figuring out how they can get exemption on account of their sore toe or the toothache they had last week.

It is said the government may require the price of coal to be reduced. They didn't do things that way in the good old days before the coal operators allowed the Washington situation to get away from them.

The Congressmen are to be drafted after adjournment for patriotic speeches in their districts. A cross roads audience will look good to them, after delivering carefully prepared speeches to a dozen or two members at Washington, half of whom are reading news papers and the other half are asleep.

All Mr. Hoover has to do in a day now is to give interviews to 76,532 people, dictate 32,497 letters, conduct personally the prosecution of 135 food speculators, address half a dozen public meetings, issue complete sets of instructions to the housewives, and travel back and forth between Washington, New York and Chicago.

Daily History Class—Aug. 16.
1717—Bloody battle of Belgrade. Prince Eugene defeated the Turks.
1777—Battle of Bennington, Vt.
1825—Charles Cotesworth Pinckney, American soldier and statesman, author of the immortal phrase "Millions for defense, but not one cent for tribute," died; born 1746.
1914—Japan demanded that Germany evacuate Kiauchau, China.
1915—Tropical hurricane flooded Galveston with waters of the Gulf. Other points on the coast inundated; loss estimated at \$30,000,000 and deaths upward of 300.

ASTRONOMICAL EVENTS.
Conjunction Andromeda seen rising in the northeast early in the evening; Venus sets an hour after sunset.

WAR EXPERIENCE.

A young man who recently moved from a small country town to a large city was asked why he went. His motive was not apparent, as he secured no better business position. He replied that he wanted "to get down nearer the big show." It was an illogical point of view, but one shared by many young men, and it has its part in reconciling many fellows to going to war.

This war is the greatest experience of human history. Nothing approaching it has ever been known. All the daring and chivalry of the ancient and medieval world are being reproduced. The greatest mechanical and organization problems are being worked out. Here is material for the greatest novels, dramas and poetry. After a fellow has been through it, ordinary life will seem as dull as dishwater.

It is no wonder that men of an adventurous temperament, feel attracted by the stir and sweep of it. They may dread danger and suffering. Yet a young fellow with spirit and patriotism must feel some desire to take hold and help. He is like the villager who runs to every fire and takes hold with a will to save property and life. There may be danger from falling walls, and people often get hurt at fires. But there are plenty of men who enjoy fire-fighting, and no peril could keep them away when the alarm bell rings.

It is fortunate for the world that so many men have this disregard of death and danger, this willingness to take part in intense and perilous experience. If we were all sober and calculating and prudent and only took hold of things that are safe and peaceable, much of the world's rough work would never get done. Many evils that have been crushed by valor and chivalry would still exist.

All honor then to the young men who have this daring spirit and who go with a will. And may all who are drafted be able to see their task in this light!

BIG POTATO CROP.

Our people may well rejoice over the showing in the government's August crop report, of the big potato crop. An indicated yield of white potatoes nearly 30 per cent above the average, and of sweet potatoes over 40 per cent above, is a triumph of food production.

This result, assuming the crop now comes through without rot or blight, has been accomplished by splendid co-operation on the part of millions of people. The big farm-ers have produced on their bonanza basis, with great rolling acres tilled by modern machinery and gangs of labor. But one must not overlook the service of many humble people, who have raised an infinite number of little crops in back yards and lawns, the only equipment after ploughing being the old rusty hoe and a watering pot to spray bugs with.

Also, good work has been done on the lawns of many handsome estates where flourishing fields of tubers have been substituted for the usual silky lawns or flowering shrubbery. Thousands of public buildings have had this year the novel setting of a lush potato crop.

As potatoes are perishable, the people will do well to make free use of them through the fall. In the hands of a skilled cook they can be made most appetizing. Many workmen's families have made them the backbone of the pantry since meat became so high. Germany with her wonderful efficiency, is fighting largely on a potato diet.

People often make the mistake of buying potato supplies for several months, then keeping them in unsuitable sheds where they rot. There is something mysterious about this food. It will often seem to be hardened in perfect condition, then for some unexplained cause will rot and become unpalatable. People who follow abundance and security will store them away should have the advice of some practical man as to what conditions are favorable for keeping them.

SOLDIERS' CHRISTMAS.

What shall we do for the soldiers' Christmas?

A call has come to the A. F. F. W. of this country from their national headquarters to prepare 100,000 comfort bags to be distributed among the soldiers of France at Christmas time. The Newark organization wishes to do its share. Let those who wish to have a part in the preparation for the soldiers' Christmas get the rooms in the Y. M. C. A. building and get directions as to how to make these bags and what to put into them.

The soldiers have expressed their appreciation of the bags in the highest terms. In many cases they have sent personal letters of thanks. It will be necessary to send the bags this month or next to ensure their arrival in France at the proper time.

The rooms are open Tuesday and Friday mornings. There are many kinds of work to be done. Go in and help.

KILL LA FOLLETTE'S RESOLUTION, NOW.

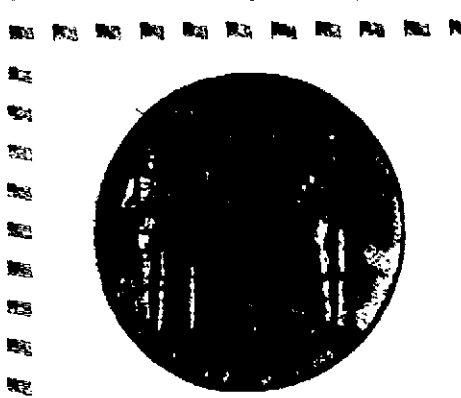

(Cleveland Plain Dealer.)

This is no time to talk of peace, and no one knows it better than does Senator La Follette. His resolution calling upon congress to state its terms of settlement is designed only to encourage the pro-Germans among his constituents, and to strengthen the hands of those pacifists who, wittingly or no, are the ablest agents of autocracy. The passage of the resolution would be worth more to the German empire today, than an army of veterans in the trenches. It offers active aid and comfort to the nation's enemies.

But the peace resolution must come to a vote. Congress must demonstrate, not only to the traitors and pacifists at home, but also to our foes abroad that America is in no mood for parley, that peace negotiations with Prussian militarism was impossible. Talk of peace today implies a compromise, and there can be no compromise with Junkerism.

SERVICE MEDALS ARE PRESENTED TO LICKING CO. SOLDIERS-SAILORS BY THE PEOPLE OF THIS COUNTY

As rapidly as possible Haynes Brothers, the North Side Jewelers, are engraving the Licking County Soldiers' and Sailors' bronze medals and these medals received only last week from the Bastian Brothers' factory in Rochester, New York, are being mailed from this office. The accompanying illustrations show both the obverse and reverse sides of the medal. With each medal goes a list of 1400 names of people who contributed to the fund and the medal is also accompanied by a personal letter, copy of which follows.

Dear Sir:—Almost two thousand years ago the world had fallen into such iniquitous ways that Christ was sent to redeem it. Again it is in the grip of Evil and again the world must be succored.

Nothing could be more splendid than the quick and unselfish response to this need by the brave youth of Licking county. They are generously ready to give their lives, if necessary, that the unalienable rights of Life, Liberty and the Pursuit of Happiness may be extended to all mankind.

The people of this community, deeply appreciative of the courage and high purpose of the boys who will go to the front from "Old Licking," were desirous of making some tangible expression of their pride in these "brave boys who go to their Country's call."

In pursuance of this desire, the Newark Advocate started a fund to which nearly 1400 people of Newark and Licking county, whose names are enclosed, contributed. Large contributions were secured in order that a great number might have the honor of participating in the gift. This money has been used to purchase 5,000 registration badges and 400 bronze medals, like the one enclosed.

The registration badges were designed by the Daughters of Veterans and others upon the coat lapels of the men who registered for service.

There will be time to talk of peace when once the war is won. Peace treaties now, resolutions such as La Follette fathers and the Kaiser's obedient servant, Stone, may support, can serve no useful purpose. They but prolong the war. The La Follette resolution should be killed, and killed in the open. It might be smothered in the foreign affairs committee, for there is no chance that that body would report it out, despite the fact that Stone of Missouri is still called chairman of them. There is every evidence that the senate would approve a motion to table by a vote of more than five to one. And there should be no delay.

Every day that the La Follette resolution remains before the senate it is an object of satisfaction to pro-Germans and pacifists at home. Abroad it encourages the Russian Reds and enables the German government to defend itself against the clamors of a war-weary people. The senate, like the house, has talked too much and too loosely in these past months. Here is a chance, by prompt and truly American action, to remove something of the stigma which its own performance have brought upon it. Let us have the La Follette resolution killed, and quickly.

TIP TO CITY AUTHORITIES.
(Columbus Citizen.)
Columbus voters Tuesday conferred upon the Capital City the honor of being the first Ohio city to permit women to vote at municipal elections. It was a clean-cut victory for good government and higher civic standards and a stinging rebuke to machine politics. The women of Columbus, in setting the pace for other Ohio cities, have shouldered a big responsibility. They should approach their new duties in a serious, thoughtful manner, doing nothing that will forfeit the respect and good will of the men who have made it possible for women to exercise the full right of equal suffrage at future municipal elections.

Incidentally, the result of Tuesday's primary ought to prove to the organization which is now running municipal affairs the necessity of getting busy with a house-cleaning. If the present city officials in the higher places of authority—and the bosses who control them—do not "dust up a bit," the women undoubtedly will take the broom away from them and do it themselves.

QUAKER QUIPS.

(Philadelphia Record.)

Many a fellow blows his own horn who doesn't know one note from another. It takes a mighty clever woman to boss her husband without letting him know it. You never can tell. Many a man worships for all he is worth who isn't worth much.

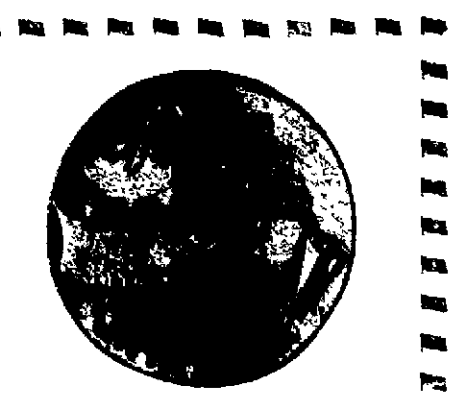

Muggins—"What do you do when you and your wife have a difference of opinion?" Baggins—"Oh, we split the difference."

None but the brave deserve the fair, but many a fellow would rather claim exemption.

June 3, 1917. An engraved bronze medal is to be presented to every Licking county man now in the service as well as those who are selected from the Licking county registration lists for service.

As the regulations do not permit a soldier or sailor to wear a badge upon his uniform, each medal has been pierced so that it may be suspended from the neck underneath the uniform.

These medals constitute a little token of appreciation from the people of Licking county.

ple of Licking county, people in all walks of life, in every section of the city and county, whose hearts will go with you across the sea, and who will be eagerly waiting to accord you a valiant soldier's welcome when you return, as pray God you may. Although their intrinsic value is trifling, they stand for the most inestimable heritage that could be handed down to future generations. Their present purpose is to serve as a reminder that the thoughts and prayers of the "folks back home" are with you.

Though we have a large list of names of Licking county men now in the service, it is still incomplete. Please send names and addresses of other Licking county soldiers or sailors that you may know in order that medals may be sent them, writing proper names plainly.

We also especially ask you to acknowledge the receipt of the medal, as all these letters will be published in the Advocate.

The people of Licking county, proud of your valor, conscious of the sacrifices you are making in a noble cause, join in wishing you God speed. Yours truly,

The Advocate-Printing Co.
C. H. Spencer, President.

The Advocate is endeavoring to obtain a complete list of the Licking county men who are now in the service. Names of those chosen from the registration lists will be obtained from the draft boards later.

COME AND SEE.

What really constitutes good clothes this fall. If you are looking for something better; if you want a more prosperous appearance; if you want your garments to give you better service, and hold that well-dressed air, drop in today and see our new line of Made-to-Measure Fall Suits and Overcoats.

The Advocate's Awaiting Pot

Character is a perfectly educated will.—Novallis.

When They Fare Farth.
Those two girls dress when they go out. So that I wonder, near their skulls if they wear brains, for without doubt, they are a pair of specialists.

Didn't Have a Chance.
Aud. Caline says:—Etta Lott and her husband which is Had A. is a talkin' o' gettin' a sepparation. They went over to sort of talk it over with Doc Carvem an' Doc he tried to patch it up fer 'em. But Etta she says, "Doc, I can't stand it no longer no ways," she says, "He hain't spoke to me fer near two year," she says, "Had, this is no way to do," she says, "Doc," says Had, "I was brought up to respect women," he says, "An' my mother allus told me it were the hite o' unpoliteness to interrupt a lady when she was a-talkin'," he says.

We note that Dr. George F. Mish of Middletown, although ninety years old, is still practicing medicine, and if we were at all inclined to be frivolous, we should observe, just like that, that he had evidently not mistaken his mission.

Marks of Honor.
How patient is the Pe-ti-toe. But she is a little bit of a heart. Because it never interrupts. Till everything is said.—Christian Intelligencer.

How loving the parenthesis! With what exceeding grace It modestly declines to kiss. But offers an embrace.

Did You Know
That the waits (anciently spelled Waitights) were musical watchmen at an early period in many provincial towns in England? The waits appear to have formed a distinct class from both the watch and the minstrels. It was their duty to pipe the watch nightly in the king's court from Michaelmas to Shrove-Thursday four times, in the summer nights three times.

Abolour camrade, Willie. And he was he doth abuse me. But she is a little bit of a heart. Oh, no, should not be! Tho' I do R mind adheittin' That sh' is very dear to me.

I received ur little message And it plesed me much to note, The complimentary manner In which, I friend, you wrote. The kind words you extend me And the gift of your heart. I accept, I know they come Directly fr your heart.

In referent to sweet Marie I'll say to you like this, She's just rosey, possey Sweet, gonnatrend little Miss. But she is a little bit of a heart. Oh, no, should not be! Tho' I do R mind adheittin' That sh' is very dear to me.

I wonder if you can recall (It qns so long ago) The R who stood with dry sad eyes And lovly lead bowed low. The Regiment was leaving And R's sweetheart stood close by. But R shed no tears because she wiew To be powder dry.

WORN NERVES

Nervous troubles, with backache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors.

Mrs. J. O. Patterson, 42 S. Williams St., Newark, says: "Last fall I suffered severely from pains and lameness across my back. My kidneys were disordered and did not do their work properly. I had a tired, miserable feeling all the time and would get as dizzy and nervous as could be. It was hard for me to do my housework. I bought Doan's Kidney Pills at the City Drug Store and they soon brought me relief. I got at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y. S-16—Avtl.

Uncle Sam insists that the Sammies shall have good teeth, in spite of the fact that many a fellow would rather fight than eat.

There is more enjoyment in pictures taken with an Eastman Kodak than the mind can portray. Get one at Haynes Bros. today.

They were not confined to the court. Till recently the Waits were officially recognized in England.

Help.
I saw her wading in the stream. I speak of Helen Halves; And this vouldady, it would seem, Was waterliver her culvers. Luke McLuke.

Mayor Thompson Again.
While the atest performance of our marvelous mayor gives us an acute pain in the psyche, we feel obliged to remind irate citizens who talk of having the law on him that there is no law even in war time, to prevent a mad from making an ass of himself. See Locke on the Human Understanding, Mill on Liberty, Ditto on the Press, Rozinante on Thistles, etc.—Chicago Tribune.

The mayo seems to be so wonderfully eligible for membership in the Assnme ab that this time when he could be so well spared from Chicago, it could be urged upon him to go over and take his initiator.

F. G. I.
I received ur little message And it plesed me much to note, The complimentary manner In which, I friend, you wrote. The kind words you extend me And the gift of your heart. I accept, I know they come Directly fr your heart.

Today's Beauty Talk

You can enjoy a delightful shampoo—a very little effort and for a very trifling cost, if you get from your ugist a package of canthrox and solve a teaspoonful in a cup of hwater. This makes a full cup of shampoo liquid, enough so it is easy apply it to all the hair instead of just the top of the head. You shampoo is now ready. Just pour: until at a time on the scalp and it will both are entirely covered the daintily perfumed preparat that thoroughly dissolves and moves every bit of dandruff ex-out and dirt. After rinsing, these dries it seem heavier than it takes on a rich luster and a soft that makes arranging it a ples.

Any the folks at home the please let flowers bring. Order a bouquet today. Chas. A. Due, Arcade Florist, 16-17.

KEELEY PRAISED FOR DONATION TO RED CROSS FUND

Justia Keeley has turned over \$22.55 to W. W. Gard, treasurer for the local chapter of the Red Cross. The money is the surplus obtained from the motorcycle races held Sunday at Mountbushers park.

Local Red Cross officials are high in their praise of the work of Mr. Keeley, who by his own initiative and enterprise conceived the idea of the races, made the arrangements for them, and made them a success financially. It is the first large amount to be received recently by the Red Cross society. The entire proceeds after the expenses had been paid were given to the organization.

Society

(Society Editor, Auto Phone 23125.)

Mr. and Mrs. Walter Bainbridge entertained with a charmingly arranged dinner party at the Country club, Wednesday evening for the pleasure of their guest, Samuel Huttenaur of Cincinnati.

Garden flowers of varied hue adorned the center of the table and at each place were found beautiful bouquets, including all of those of the allied nations. The favors were original, being miniature musical instruments which were assembled completed a miniature orchestra. The evening following dinner was devoted to dancing.

The guests were Mr. and Mrs. Byron Ashbrook of Johnstown, Mr. and Mrs. Howard Upson, Misses Martha Wright, Dorothy Beard, Sue Wagoner and her guest, Miss Julia Leichte of Cincinnati and Miss Betty Jones of Cincinnati. Messrs. Samuel Huttenaur, Frederick Wright, Fair Adams, Rod Miller and Dr. Lewis Mitchell.

Miss Martha Lundy entertained Tuesday evening with a slumber party at her home in Granville street in honor of her nieces, Misses Mildred and Ruth Barker of New Brighton, Pa. The guests were Misses Martha Dodd, Dorothy Graves, Thelma Tomlinson, Hannel Scott and Irene Hough.

Mrs. L. S. Cullison was hostess to the members of the London Street Social Sewing club at her home in Lexington, August 8. The afternoon was spent sewing and dainty refreshments were served to the members and guests. The club will hold its annual picnic, August 22, at the home of Mrs. Will Lake. Every member is asked to come and bring the family and a basket.

Miss Martha Wright entertained a few friends at luncheon at the Country Club Wednesday, complimenting Miss Julia Leichte of Pittsburgh. The guests were Miss Leichte, Miss Sue Walker and Miss Dorothy Beard.

Miss Betty Jones entertained a number of guests at luncheon at her home, Bryn Du, yesterday. Miss Jones' guests were from Columbus.

A most delightful surprise party was held Tuesday evening at the home of Miss Katherine Sabian in Serooc avenue in honor of Miss Beatrice Arnold it being her twenty-third birthday anniversary. Games and music were indulged in, and at a late hour refreshments were served. The following guests: Mr. and Mrs. Riso, Katherine Isinger, Bernice Weakley, Lucille Weakley, Myrtle Barrett, Margaret Connors, Marie McLean and Miss Beatrice Arnold and Catherine Sabian, Messrs. Geo. Connors, John Shaw, Ben McMurty, Walter Connors, Charles Sabian, Clyde Arnold.

There will be a bridge luncheon at the Country Club on Saturday at 1 o'clock. All the members are invited to attend and play bridge or knit. Those intending to attend are asked to notify Mrs. Chadwick.

The Gossard Corset is made of the best materials, flexible and easy fitting. Ask McCowen's Corset Shop, 16-21.

The Courts

No Court.
Owing to the fact that Judge Fulton is taking his vacation there will be no court until his return. The regular session of the September term is called for Monday, September 10, at which time the grand jury will report. Judge Fulton, who is spending a part of his vacation at Atlantic City, has not stated when he will return.

Real Estate Transfers.
Mary Catherine Houser, et al., to Charles H. Hazlett, lot 4235 in Oakwood addition; \$1, etc.
The Jefferson Land Co. to George R. Wagoner, lot 6273 in Jefferson Place Third addition; \$1300.

Enjoying Vacation.
Court stenographer C. C. Cooper has been located in the wilds of Orange county, N. Y., where he has been enjoying a yachting cruise along the shores of the Hudson river, and has explored the many old forts in that vicinity. He has also been doing some trout fishing, at which he has been very successful.

Will Be Candidate.
Justice Fletcher S. Scott announced today that he will be a candidate for a second term. There are already several candidates in the field and the race promises to prove exciting. The office is non-partisan and the candidates will be voted upon a separate ballot.

ANNOUNCEMENT.
C. F. Wagner, professional piano tuner, voicing, action, regulating and player pianos, a specialty. Auto phone 1777, 77 Commodore street, 6-12-44.

Granville

(Special to Advocate.)
Granville, Aug. 16.—The second of the serial parties to be given for the benefit of the A. F. F. W. will be held Friday, August 17th, all day at the beautiful country home of Mr. and Mrs. J. C. Campbell of Columbus, on the Lancaster road. Luncheon will be served at mid-day by twelve hostesses: Mrs. J. D. Thompson, Mrs. Frank Ray, Mrs. Frank Carney, Mrs. Robert Biggs, Mrs. Theodore Johnson, Mrs. John Owen, Mrs. John Coach, Mrs. Ira Perry, Mrs. Eva Perry, Mrs. Fred McCollum, Mrs. H. D. Ashbrook and Miss Evangeline Davies.

Carl Weiant will run one of his buses beginning at 9:30 a. m. Mrs. Campbell requests that every one come, rain or shine, as she has made provision for any change in the weather. Several Newark ladies have accepted invitations to be present. Sewing and knitting for war relief will furnish entertainment.

Mr. and Mrs. Frank Jones of Bur street were hosts Wednesday at the Jones-Owen family reunion with about seventy-five relatives and connections in attendance. There was a big dinner and many interesting talks. Letters were read from absentees several being from soldier boys in camp. Mr. Gale Seaman of Los Angeles, formerly of Denison University was one of the speakers and Mr. David Jones of Columbus was one of the out of town guests.

The Presbyterian Women's Missionary society will meet on Friday afternoon at the home of Mrs. Albert Guckert on the Newark road. The meeting will be in charge of the Westminster circle, with Mrs. H. G. Sheidt as chairman.

Mr. and Mrs. Edwin E. Wright expect to leave Friday morning for a motor trip to Warren, where they will visit for a few days. They will be accompanied as far as Akron by Mr. and Mrs. Arthur Thompson.

The funeral of W. H. Chrysler, one of Granville's foremost citizens, whose death occurred suddenly, Wednesday afternoon, will be held Sunday afternoon at 2 o'clock at the residence in South Prospect street.

Mr. Chrysler was a member of the First Baptist church of Granville, in which he held many positions of trust, during the many years of his residence in the village.

Spencer Weber who has been studying at Ohio State University this summer, is spending a few days at the Beta house.

SUMMIT

By invitation, fifty-six friends of Mrs. David King met at her home last Sunday to assist her in celebrating her birthday anniversary. A noon dinner was served in the shady orchard.

Mrs. Gertrude Besse Geiger spent the week-end with her husband at West Milton, O.

Joseph Hamilton and family had for Sunday guests Dr. and Mrs. Frank Star of Columbus, Mr. and Mrs. James Kennedy of Franklin county.

Misses Nellie and Beulah Hamilton are attending the Teachers' institute at Newark this week.

Mrs. S. B. Besse and sons attended the social given by the band at Ourlville Saturday evening.

Mrs. Minnie Martin of Chicago is visiting her sister, Mrs. Lena Shannon, here.

Mr. and Mrs. Walter Buckingham Wednesday, a daughter.

Two Questions.

"Why do you weep over the sorrows of people in whom you have no interest when you go to the theater?" asked the man.

"I don't know," replied the woman.

"Why do you cheer wildly when a man with whom you are not acquainted slides to second base?"—Exchange.

An Evident Alternative.

"She married him in spite of great opposition, didn't she?"

"Yes. If her marriage doesn't turn out well she'll only have herself to blame."

"Good gracious! Why? What's to prevent her blaming him?"

WILL INVESTIGATE LABOR SITUATION

Chief Justice J. Harry Covington.

Chief Justice J. Harry Covington, of the supreme court of the district of Columbia, has recently left Washington for the west and southwest to investigate the labor situation and especially to examine the I. W. W. troubles in that connection.

LIEUT. STEVENSON CHOSEN FOR DUTY ON FRENCH FRONT

Leland Stevenson who was commissioned second lieutenant in the infantry section at the officers' training camp at Fort Benjamin Harrison, was signally honored yesterday by being chosen to go to France the latter part of this month.

From each of the officers' camps distributed over the country, volunteers were asked for for immediate service abroad. At Fort Benjamin

LIEUT. LELAND STEVENSON. Selected From Volunteers For Immediate Duty in France.

Harrison more than half of the men stepped forward when the call was issued. Among these was Lieut. Stevenson.

Only eight men were chosen from each company and these will be sent to the front within the near future to obtain first hand knowledge of the methods of the systems regarding their different fields.

These men will act as instructors to the regiments as they go over the ocean and they will continue to act in this capacity as long as this country sends men over, according to a statement made today by Mr. Stevenson.

Another volunteer in the Fourth company of which Lieut. Stevenson is a member was Lieut. Arthur Beattie, a Denison man, who will also go to France soon. Thirty-five men of that company volunteered. In Company B there were 40 volunteers, among them Lieut. Chas. C. Starratt of this city, but in selecting the required number by lot Mr. Starratt's name was not drawn. Other Newark men are said to have volunteered but so far as announced only Lieuts. Stevenson and Beattie are scheduled for immediate service in France.

Personal

Mrs. M. Riegger and daughter, Anna, left last night for Atlantic City where they will spend several weeks.

Miss Zadie Freese, one of the school teachers of the Crook district, is a visitor this week at the home of Rev. and Mrs. P. O. Orr, Miss Freese is attending the teachers' institute.

Mr. and Mrs. William K. Abbott of Leipsic, O., accompanied by his daughter, Mr. and Mrs. John Hartmann with their little daughters, Betsy and Geraldine returned home after a short visit with his sisters, Mrs. Mamie Coyle and Mrs. James L. Young.

Mrs. Harry F. Bowman of North avenue and Miss Mary Bowman of West Main street are spending several days in Cincinnati as the guests of relatives and friends.

Irene Hughes and Marguerite Donahue are spending a few days at Vanatta with Mrs. S. A. Reese.

Mr. and Mrs. J. W. Wilson of Clayton, N. J., are visiting at the home of Mr. Jake Winters in South Fourth street.

Frank Towel of Toledo is a visitor in the city today.

Willis Handie, who has been in camp at Ft. Benjamin Harrison, is home for a few days.

Miss Julia Leichte of Pittsburgh, who has been the guest of Miss Sue Walker of the Granville Road leaves for her home this evening.

Mrs. Sisco and Mrs. Samuel Earl of Columbus were guests of the latter's niece, Mrs. Harry Postle in Granville street on Wednesday.

Leo Rischer of the Seventh Regimental band of Zanesville, was a visitor in the city yesterday.

Mrs. George D. Bradshaw are in the city for a day or two having driven in their car from Huntington, W. Va., where Mr. Bradshaw is engaged in business.

Lieut. Chas. C. Starratt who was commissioned a few days ago at Ft. Harrison is home on a twelve day furlough with orders to report at Chillicothe.

Mr. and Mrs. Carl A. Weiant are home from a motor trip through New York state.

Miss Mildred Woodward, West Church street, returned home today after attending summer school at Ohio State University for eight weeks.

Nora Gault of 89 Mill street, was taken from her home in the City Hospital yesterday in the Bazier ambulance.

There's SATISFACTION in every bit of CREAM BREAD. Made by the Home Bakers—see and taste a loaf.

Obituary

Gladys Jewel Brannan. Funeral services for Gladys Jewel Brannan, aged 18 years, who died Monday at the Newark Sanitarium, were held at the Maple Avenue Christian Union church, yesterday afternoon. Rev. P. O. Orr of the C. U. church conducted the services. Burial in Cedar Hill cemetery.

Starts Friday Morning

Mr. and Mrs. Charles Holler of Newark were Sunday guests of Mr. Clark Danen.

Mr. C. H. Zayner was at Kenosha, Wis., the first of the week.

Mr. and Mrs. George Stinson and

THERE'S AN 'ORCHARD A HUNDRED MILES LONG IN NOVA SCOTIA

Box Packing Nova Scotia Apples

Grandmothers of all orchards on this continent are those of Nova Scotia, between two great rolls of mountains that used to be lava when the world was young, and now play at windbreaking for the hundred mile long Annapolis Valley with the bright blue Annapolis River flowing down the center of it. The Acadian French planted the first trees back in 1695, from seeds brought from Normandy in little sailing vessels. They were compared with 20 to 60 years in more trying climates. Cranberries, raspberries, strawberries and all other small fruits do well, to say nothing of the Digby cherries which make the most wonderful pie you ever tasted.

A motor trip through Nova Scotia is an ideal summer holiday. The little towns nestle into their orchards like a violet under its leaves. The sparkling basin is an infinitely extended, sun-warmed bathing beach; all the farmhouses are painted white, and, as there are no factories, they stay that way, looking like stage scenery against the vivid green country. And finally, there is all the game and a fishing you'd want in the coast country over South Mountain, where the shooting towers lure their frequent guests with a promise of success.

Apple growing is a good proposition in Nova Scotia, for the trees live from 60 to 100 years in the valley as compared with 20 to 60 years in more trying climates. Cranberries, raspberries, strawberries and all other small fruits do well, to say nothing of the Digby cherries which

of Granville were Sunday guests of Mr. and Mrs. George Marshington.

Mr. and Mrs. Byron Graves of Columbus visited with Hebron friends on Sunday afternoon.

Roy Bruner of Wellston, O., is visiting with Hebron friends.

Mr. and Mrs. Arthur Kreeger of Zanesville and Mr. and Mrs. Frank

Smith of Mt. Perry are visiting with Mr. and Mrs. Timmer Wertz the early part of this week.

Mr. and Mrs. Merrick Brown of Columbus were Sunday visitors at home of Dr. and Mrs. G. N. Brown.

Amusements

ALHAMBRA
Tonight.

Including Montagu Love as a star, "The Brand of Satan," the latest World-Picture "Brandy-Made" will be seen tonight at the Alhambra theatre. Mr. Love has been doing splendid work in World-Pictures for some time and his elevation to stardom is simply a recognition of his wonderful attainments. The drama selected for his first starring vehicle is unforgetable. It tells the story of a man who has two natures—in one he is thoroughly likable and kind-hearted, in the other he is cruel and vindictive and becomes the leader of a gang of "yes-men."

Friday and Saturday.
Playing opposite Harold Lockwood in the forthcoming Metro wonder-play, "The Haunted Pajamas," a screen version of Francis Perry Elliott's novel of the same name, is a young woman who has been in the pictures only six months. She is Carmel Myers, a striking beauty of the brunette type, who was "discovered" by D. W. Griffith while she was attending high school in Los Angeles. Before she was signed to play the role of Frances Kirkland in this production Miss Myers appeared in several productions made by the Fine Arts Studio.

In "The Haunted Pajamas" "Big" Ed Sedgwick will make his first appearance in a Metro production. Mr. Sedgwick has the part of Jack Billings, the chum of Richard Hudson and in one of the scenes he and the star have one of the most realistic fights ever screened.

AUDITORIUM.
Pleasant Audiences.

Delightful! Entertaining! That is what they all say as they leave the Auditorium these days, with its big programs, pleasing music, etc. Yesterday crowds again packed this playhouse and Jack Pickford, Louise Huff, and Theodore Roberts, in "What Money Can't Buy," gave great satisfaction. The "Price of Silence" with Wm. Farnum, of course was as classic as Farnum is always good, no matter what he is screened in. Manager Fenberg will offer for the balance of the week the double program as offered. Today in connection with "What Money Can't Buy," June Caprice is seen in a "Small Town Girl." Tomorrow together with the regular program George Walsh in "Melting Millions" and Saturday Farnum is seen again in "The Tale of Two Cities." Pathe News Weekly is also seen.

Tonight.
The double program bill at the Auditorium today consists of Jack Pickford, Louise Huff and Theodore Roberts in George Broadhurst's great story "What Money Can't Buy," and baby little June Caprice, the William Fox star who is seen in "A Small Town Girl." It may be known, but a year ago a little girl left Boston high school and came to New York to become a film star. Except that she was a favorite of her schoolmates she was unknown. Today she is one of the most famous young screen stars on the screen, the adored of film fans the world around. "A Small Town Girl" was her anniversary production. Jane Lee, that clever Fox kidlet is seen in a good part and

her many admirers no doubt will turn out in force today to see her.

The Innocent Sinner.
"The Innocent Sinner" is the Auditorium feature tomorrow and Saturday. On Friday the added feature is George Walsh in "The Melting Millions" in produced a powerful drama for William Fox. It is a story with many throbs and shows how the human heart can forgive an innocent sinner—a girl who had been led into wrong doing by the lying tongue of wickedness.

George Walsh.
When George Walsh "comes up smiling" we prepare to go a miling. To see that joyous grin and leap if only for the barest peep.

We just march up right on time. Willing to spend a whole "big" dime. "Nothing venture, nothing gain." But watch us get there, shine or rain.

We must see our laughing hero. Real funny ones are scarce, you know. We roar at every prank and play. And love to watch him have his way.

You'll miss a happy hour. If you don't see our Western Flower. He can cure every want and need. For you know everything at the Auditorium.

"Smiling George Walsh will be at the Auditorium tomorrow in one of his best photoplays "Melting Millions."

Notes.
William Farnum in the great classic "A Tale of Two Cities" is the added extraordinary picture feature on the double program for Saturday at the Auditorium.

Norma Talmadge, the coming real big star is the Auditorium feature in "Fifty-Fifty" a Triangle masterpiece and will be seen at the Auditorium Sunday.

Marguerite Clark in her newest Paramount feature "The Amazons" will be seen at the Auditorium. This is a wonderful picture and Miss Clark will be seen in new stunts that will please her most ardent friends.

Pathe News Weekly, the number to be seen at the Auditorium Saturday is full of latest war news. These film newspapers are becoming more popular each week and Auditorium patrons are always on the watch for their appearance at that playhouse. The days for showing of these Hearst Pathe's are every Monday and Saturday.

GRAND Gladys Hulette.
Near the end of Gladys Hulette's latest feature, "The Last of the Carnabys" to be shown at the Grand tonight and tomorrow, there is a thrilling automobile accident in which her brother (William Parke) is badly hurt. For the scene immediately following the wreck, Parke was "made-up" with a red gash beginning at his forehead and running down to the corner of his mouth. "It was a very hot day," he says, "and after climbing the steep side of the precipice down which I and my car had fallen, I was just about ready to sit down. As I reached the road and was about to take a little rest, a car drove into sight and bore down on me about forty miles an hour. The driver was a big husky fellow in shirt sleeves and he was evidently in a hurry. As he drove opposite me, and saw my face, he actually went white under the sunburn. He jammed on the brake with a suddenness that brought his speedster to a stop with a terrible jerk. He literally leaped over the glass front and dash board and with two jumps was at my side. He grabbed me by both arms and his voice trembled with excitement as he said "What can I do? What can I do?" It was a hot day and we had been a long time getting our scene. "It's a movie," I said in perhaps a somewhat tired voice. "Aw, hell!" he said, disgust in every line of his face, and with one movement apparently he was in his car and speeding out of sight.

Read Advocate Want Ads Tonight.

REASON NO. 8

One of the basic principles upon which this business was founded was the complete elimination of the middleman and his big profits.

This enables us to pay our employes higher wages and to give infinitely more value to the consumer at the price than any clothier or small tailor who have to pay the middleman his profits.

Another good reason why UNITED WOOLEN CLOTHES are the best clothes tailored in America at the price.

DYSPEPTICS SHOULD NOT DRINK ICE WATER

A Few Helpful Suggestions.

Ice water is one of the worst things dyspeptics and sufferers from indigestion, gastritis etc., can drink, especially at meal-times, because it chills the stomach, retards digestion and allows the food to remain in the stomach until it ferments thus producing gas and dangerous excessive acid. Those, however, who feel that they must have iced drinks can avoid discomfort by neutralising the acid with a simple neutraliser such as magnesia neutrate, a teaspoonful of which in a little hot-water instantly neutralises the acid, stops fermentation and thus permits digestion to proceed in a painless normal manner. Many people who have spent small fortunes in doctoring for stomach troubles, even undergoing serious operations without obtaining relief, report that after using magnesia neutrate regularly after each meal for a short time, the trouble has entirely disappeared, thus proving the contention that in most cases stomach trouble is simply due to acidity and fermentation. Magnesia Neutrate which is obtainable of T. J. Evans and all other good druggists is the only neutrate prepared expressly for stomach use and gives such universal satisfaction, that physicians are asked to prescribe it instead of narcotic drugs and artificial digestives. 8-14-16.

How to Be Rid of Dangerous Dandruff

The only way to get rid of dandruff—the sure hair destroyer—is to remove the cause. Dr. Sangerbund, the famous Paris Specialist, discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of the genuine Parisian sage (liquid form) to destroy this germ and promptly prevent the further loss of hair. Get from your druggist about four ounces, and rub a small quantity well into the scalp. Only a few applications are usually needed to destroy the germs that cause dandruff; your scalp will immediately feel cool and comfortable, and your hair appear soft, bright-looking and seems heavier than it really is. Since Dr. Sangerbund's discovery the American people are realizing that dandruff is as unnecessary as it is dangerous, and that they can be quickly rid of it and save their hair by a few days' use of this inexpensive and harmless liquid. Be sure you get the genuine Parisian sage (Giroux's) for this brand will not stain the hair and is guaranteed to give perfect satisfaction or money refunded. W. A. Erman can supply you.—Advertisement. 8-9-14-16

R & G PILLS

KILLS PESKY BED BUGS P. D. Q.

A 25-cent package of Pesky Devil's P. D. Q. makes a full quart of the best bug killer on earth, better than a barrel of kerosene. It is a real P. D. Q. (Free) a sprinkler sprout in every box to get them in the hard-to-get-at places. Kills Bugs, Roaches, Ants and Fleas can't exist when P. D. Q. is used, as it kills 'em and their eggs as well. P. D. Q. will not harm bedding, kills fleas on dogs. At your druggists or mailed for 25c. stamps or coin, by Owl Chemical Co., Terre Haute, Ind.

Do you really clean your teeth?

Tonight, after you brush your teeth, examine them closely. What will you find? In all probability an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. A dentifrice does not REALLY CLEAN! Loss of teeth is usually caused by pyorrhea or by decay. Both usually develop only in the mouth where germs breed. SENECCO, a dentist's formula, REALLY CLEANS. It embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. It is absolutely destructive to the germ of pyorrhea. Yet it is perfectly SAFE, containing neither injurious chemicals nor hard grit.

SENECCO IN LARGE TUBES, 25c.

Send 4c. to SENECCO, Fourth and Vine Sts., Cincinnati, for good-sized trial package.

PIMPLES

Why so many young men and especially otherwise beautiful women allow their faces to be disfigured with unsightly pimples is beyond me, says Peterson. Every druggist in America who cares to speak freely will tell you that one box of Peterson's Ointment is guaranteed to banish every pimple or other skin eruption, or money back and it won't take more than 10 days to do it. The mighty healing power of Peterson's Ointment in skin diseases, Eczema, Salt Rheum, Sores, Nipples, Old Sores, Ulcers, Varicose Ulcers, Blind, bleeding, and itching piles, is almost beyond belief and the small price puts it within reach of all. Dr. W. Burt of Wichita, Pa. writes: "I had suffered with Eczema of the left ear and scalp for over 25 years, but a small box of Peterson's Ointment has entirely eradicated it." All druggists are authorized to dispense it. Sold by Evans' Cut Rate Drug Store.

MOTOR RACES AT DRIVING PARK TO PRECEDE BIG FAIR

One day ahead of the opening of the Ohio state fair on Sunday, August 26, there will occur in Columbus on the Driving Park's famous mile track the Autumn Derby at one hundred miles. Into this auto race will go the world's best drivers over dirt courses, on which the hazards are far greater than on the few speedways of the country. This meet will be managed by the Columbus Motor Racing Board, the state fair officials having no connection with it. Last May saw a sensational one-hundred mile drive over the Columbus track with Fred Hovey winning from Dave Kozala. George Clark leader for a trifling more than sixty-eight miles, boomed through a fence but was spared with only the loss of a part of his right thumb. Hovey, Clark and Kozala are expected back for the battle of a week from Sunday. Among others in the field will be Art Klein, a formidable opponent of both dirt-track and speedway skill. Sig Haugdahl, a Texas luminary, is expected as an entrant but Klein is reckoned as the fellow who will make it hottest for Hovey, Clark and Kozala. In no way whatsoever will there be any leading of admission prices for the meet which will contain events of interest but little below what should be created by the wild rush in the Derby. Several years have gone by without an August auto meet in Columbus and it is proposed to make the coming one extremely attractive.

FRANK B. WILLIS, newly elected Vice-President of the Hal Motor Car Company, says: "I find Adams Pepsin helps me over strenuous moments, aids me to concentrate and relieves fatigue. Very delicious peppermint gum."

FRENCH OFFICERS ARE DEEPLY IMPRESSED BY SHOWING OF THE NEW UNITED STATES ARMY

(Continued From Page 1)
ing companies and battalions of the American army were also surprised and it can be truthfully stated that there was a distinct pause of surprise and admiration on the part of Major General Sibert himself when riding at the head of the staff he reached the crest of the reviewing platform and saw his khaki-clad command drawn up in a wonderful far-flung line before him.

Attached to his staff were half a dozen French officers, including the general of a famous division, all of whom were enthusiastic in their praise of the spectacle.

It was the first time an American army had passed in review under its new organization, and the display was a most imposing one. Marching in line of platoons means moving forward with four platoons abreast, each platoon being formed in columns of fours. The space between the platoons being considerable the head and front of the marching column are fully 200 feet wide.

Each of the four platoons in a company seemed full-size companies under the old order of things in the American army. At the head of each regiment was a band playing regimental marches, one of which called "Happy Hiking," had a distinct smattering of tonic tones, much to the amusement of the French military officers.

An amusing incident of the review was the first appearance in line of new machine guns which are carried on small carts instead of pack mules as formerly. Each cart is drawn by a mule and driven by a soldier. The latter had a short but extremely interesting time training American mules.

These little French vehicle mules being used to working in double rather protested against single harness. The result has been that during the past week stray mules have been encountered here and there about the camp with bits of cart and harness hanging very negligently about their necks.

As the marching troops reached a point some distance beyond the reviewing party they reformed into columns of fours and thus stretched out they found their way along curving and descending roads. The brown mass seemed to pass as far as the eye could see.

While the review was held at a point so remote that only persons attached to the army organization were permitted to see it, moving pictures were made both by French and American official operators in France that the people throughout France and America can get an idea of the impressive appearance the troops made when first assembled together. It was difficult to realize that they are the same men who landed in France a few weeks ago.

In telling of his pride in his command, Major General Sibert added: "I am particularly proud of the showing the men made today for they were not parading before admiring crowds either of home-folks or foreign friends. It was merely a military maneuver for them and they did it splendidly."

"I was surprised at their facility at field maneuvers considering the fact that since they have been here their training consisted almost wholly of the technical side of trench-warfare with all the new paraphernalia of offensive and defensive tactics. During their spare time away from trench practice they have been drilled in close order tactics, but today had the opportunity to show what they could do in the field. The result was most encouraging."

The place and hour of the review were not disclosed until the day before.

"Was this to avoid a possible visit from a hostile airplane?" a young officer was asked.

"All I can say to that," he answered, "is that I wish old Brother Boche could have seen that show today. It would have given him a new respect for America's efforts."

Several officers commented on the fact that never before had the at-

ALL WOMEN'S White Summer Wash Dresses-Must Go PRICED NOW AT HALF-PRICE

Why you can hardly believe that we could sell such beautiful White Wash Dresses at the prices, fine sheer voiles, beautiful fine organdies, gabardines and nets, every dress this season's style and there are scarcely two of a style. tempted nickname of "Sammy" seemed so insane and so unsuited to the American troops as when staid, bronzed and splendid in every way they marched by in salute of Major General Sibert yesterday.

CHANGING SCENES

Even though you're still hanging on to your lightweight clothes, you're as certain of fall as though the smudge fires of autumn leaves had already announced it. Nature is getting ready to put on her new clothes—so should you. Months ago we prepared for you with fall clothes that sparkle and patterns that please the eye—fabrics that wear like iron—and prices that will please your purse. That's what the clothing store of J. M. Mitchell has in store for you.

AWARDS

The following persons were the fortunate participants in the Licking Creamery company's monthly profit sharing plan:
